

The Leap

More Hope to Move People

Leaping in faith to the next level

DenverWorks, 2010

2010 – Celebrating 15 Years!

2828 N. Speer Blvd., Suite 201 Denver, CO 80211

In 2010, DenverWorks celebrates its 15th anniversary. In the past 15 years we have had the privilege of offering our programs and services to 19,000 men and women in need. Over the years many changes have taken place with one thing remaining the same – our commitment to empower jobseekers through employment that leads to their self-sufficiency. There is no doubt 2010 promises to bring a record number of clients through our doors providing us the opportunity to help them become all that God intended them to be. 2010 will be the year that DenverWorks takes *The Leap*!

What is *The Leap*?

The Leap is a celebration of the thousands of lives transformed and it is a vision of where we are going and how we need to evolve to continue meeting the ever-changing needs of our clients. It has become clear to us that to meet the increasing demand for our services, we must increase our capacity. We outgrew our space long ago and our current staff cannot meet the workload demands placed before us. Increasing our space and staff are top priorities that when fulfilled will enable us to see this vision become a reality – serving every person that Gods sends through our doors. By taking *The Leap*, we are stepping out in faith. With additional space and staff also come additional costs. The goal of *The Leap* campaign is to raise awareness of our ministry and the funds required to see the vision that God has given us come to life.

Why Now?

If not now, when? The past year of economic decline has driven record numbers of people to our door needing help. There has never been a greater time in our history than now where the programs and services offered by DenverWorks are needed in our community.

The thousands of life-changing stories we have heard and experienced are the fuel that ignites our desire to continue to expand our programs and provide so many with little hope the opportunity to regain their dignity and improve their life. Our work is about offering people a second chance to become the men and women God intended them to be. There is no other time but now.

In December of 2009, we were blessed with the opportunity to move into larger office space adjacent to our clothing closets. With a strong plan in place we took a leap of faith and expanded. Our new location will allow us to better serve the expanding number of clients coming to us seeking hope for a better future. Along with more space, we must have more ‘hands and feet’. Our client managers are passionate about serving each client with the time and respect they need to set them on a path of success. Meeting the needs of jobseekers on a one-on-one basis is vital to the mission of DenverWorks. We believe in the power of relationships. Adding staff is a critical success factor for DenverWorks in 2010 so we are able to bring *more hope to more people*.

How can you take *The Leap* with DenverWorks?

Leaping in faith to the next level would not be possible without you. By donating to *The Leap*, you are personally changing a life. No gift is too small and many of you may be able to give \$15 a month, \$150 a month, or \$1,500 to help cover the increase in expenses we are anticipating this year. A gift of \$300 will fund our programs and services for one individual. Thank you for your generosity and willingness to *take the leap* with us.
